Rio Launch Program

The Rio Launch program combines the best of working in overseas missions with discovery of calling and personal development. This unique discipleship program is leadership driven with the participants being trained and pushed to become influencers. Relationships and growth are at the core of the opportunity. We challenge you to *Launch* a mature life of adventurous faith in Jesus Christ!

At Rio, we make it a priority for those involved to be integrated into the community and the greater missions landscape. Professionalism and excellence are driving paradigms. There is heavy emphasis on self-starting and taking initiative to progress and grow in your faith and your calling. We will work hard to enhance creativity and send people to the next phase of life//ministry inspired and empowered.

The program has an intern/staff hybrid feel where participants have structured and unstructured time. Both times will have expected outcomes, however the onus of responsibility will be with the participant, not Rio leadership. Formal certificate of completion and internship credit will be given to participants upon request.
